1 KM SWIM 28 MI BIKE 6.55 MI RUN
WWW.DAVIDHANCOCKTRIATHLON.COM

Swim - 0.62 mile / 1 km

The swim course is a dog-legged out-and-back, 500 meters in each direction. It starts on the east side of the swimming pier at Ocean Boulevard and 54th Place, follows the swimming area marker buoys north to turnaround buoy under the Second Street bridge, and returns to the east side of the same pier. Athletes must swim to the shoreward side of the swimming area marker buoys. The starting line is on the beach, about 50 feet from the shoreline. The swim finish line is upon exiting of the water east of the pier. The water temperature is expected to be 66-70 degrees. Although there is no surf, mild winds and currents are common.

Bike - 28 mile / 45 km

The bike course begins at the swim finish. The bike course starts with a 1km out-and-back on the peninsula, giving competitors a clear view of their nearest competition. From there it heads south/east out of Long Beach, then proceeds south on flat Pacific Coast Highway for just under 14 miles to the turnaround point at Magnolia Avenue in Huntington Beach. The finish line is at David Hancock's house at 258 Roycroft Avenue in Long Beach. Air temperatures are expected to be in the 60's or 70's. Mild winds are typical. A water station is provided at the turnaround.

Run - 6.55 mile / 10.54 km

The run course begins at David Hancock's house in Long Beach, and continues around a mostly flat, double-V shaped loop through Belmont Heights. The course takes an out-and-back route from the 3-2/3 to 5-1/3 mile marks, providing a clear view of the competition for the final miles of the race. The finish line is back at David's house. There are three water stations in addition to the facilities at the start/finish line.

EVENT RECORDS

Men 2:02:15

Sven Haug (2000)

Women 2:19:00

Beth Hibbard (2005)
